Summary

Highly motivated B.Tech CSE student possessing strong engineering fundamentals and a rapid learning ability. Passionate about exploring new technologies and eager to contribute to innovative, real-world projects in the tech industry while continuously growing my skills. Experienced in working with **Data Science**, **Web Development**, through academic and self-driven projects.

Technical Skills

Programming: Python, Java, PHP, SQL

Tools: VS Code, Anaconda, Tableau, Google Colab, IntelliJ IDEA, XAMPP

Frameworks & Libraries: JDBC, NumPy, Matplotlib, Pandas, Seaborn

Web & Other: HTML, CSS, JavaScript

Education

B.Tech in Computer Science & Engineering 2023 – 2026
I.T.S Engineering College, Greater Noida

Diploma in Computer Science & Engineering 2021 – 2023
Government Polytechnic College, Mawana Khurd, Meerut
Percentage: 77.31%

Projects

- **Students Performance Analysis:** Analyzed how study habits, family background, and parental education affect academic performance. Used Python, Pandas, and Seaborn for data analysis and created dashboards in Tableau. Helped understand key factors that improve students' learning outcomes.
- **Digital Library Management System:** Developed a web-based application to manage library resources digitally using PHP and MySQL. Implemented features such as book issue/return, user management, advanced booking, and billing. Designed a user-friendly interface to improve efficiency and accuracy in library operations.
- **Career Path Recommendation System :** Developed a machine learning system to suggest suitable career paths based on students' academic performance, skills, and interests. Cleaned and analyzed data using Python and Pandas. Applied classification techniques to generate personalized career recommendations and support informed career decisions.

Achievements

- Secured **7th Rank** in Ideathon Competition among 180 teams.
- Secured **10th Rank** in Innocodeathon among 376 teams.

Certifications

- **Smart India Hackathon (SIH):** National innovation competition focused on solving real-world problems using technology.
- **Data Structures and Algorithms in Java – Infosys:** focused on object-oriented programming and optimization.
- **Full Stack Web Development – Softpro India:** Learned complete front-end and back-end development with database integration.

Leadership and Activities

- **Student Coordinator – ICAC2N-24 (International Conference):** Assisted faculty and organizing team in managing sessions, guiding participants, and coordinating event schedules.
- **Cultural Fest Coordinator:** Managed event planning, logistics, and student team coordination during annual college festivals.
